Q2₂₀₂₆ IMPACT REPORT

A WORLD WHERE GIRLS AND WOMEN THRIVE

The WTA Foundation empowers girls and women to live fully and strengthens WTA communities worldwide through initiatives promoting equality, education, leadership, and health and wellness.

Closing out the first half of 2026, the WTA Foundation is excited to share some of our meaningful moments and milestones from the past few months.

Empowering girls and women to live fully and supporting WTA communities around the globe, WTA Foundation is not just changing the game — we're changing lives.

Thank you to our WTA family for leading the way as we continue to **Rally the World for Good.**

Showcasing the WTA Foundation's commitment to inclusivity and empowering athletes of all abilities worldwide, participants had the opportunity to play with some of the world's best players and engage in fun activities designed to develop their skills over time.

More than 30 athletes and 15+ coaches from Special Olympics South Carolina participated in a tennis clinic hosted by the WTA Foundation and led by WTA players **Kayla Day, Alexa Guarachi, Desirae Krawczyk, Caty McNally, Sabrina Santamaria, and Abigail Spears.**

By stepping onto the court alongside these athletes, WTA players help ensure that athletes with disabilities are not just seen, but truly celebrated, empowered, and embraced within their communities.

Impact Activations

ROLAND-GARROS SUPPORTING MOTHERS WORLDWIDE

- The WTA community signed a **powerful public open letter** affirming a shared belief: that every mother deserves access to the care and support needed for a healthy pregnancy.

WTA FOUNDATION | **GLOBAL WOMEN'S HEALTH FUND**

Mothers Everywhere Can't Wait. Neither Can We.

This Mother's Day, we stand together as athletes, daughters, and advocates to recognize the strength, resilience, and irreplaceable impact of mothers everywhere.

We know what it means to compete for every point. But millions of women around the world are striving for something far more important: a safe pregnancy, a healthy birth, and a child who gets a healthy start in life.

Together, we've helped the WTA Foundation's Global Women's Health Fund support 1.5 million women with lifesaving resources — and we're committed to going further.

That's why today, we are calling on you to act — because when mothers thrive, communities flourish, and no mother should have to face this alone.

ROLAND-GARROS ACEING CANCER CONNECTS RESEARCHERS

- The WTA Foundation and Cancer Research Racquet hosted 200 cancer research supporters and cancer survivors, including players **Gabriela Dabrowski** and **Martina Navratilova**.
- The celebration culminated with the presentation of a \$297,000 check from WTA Foundation ACEing Cancer and Cancer Research Racquet that will be directed toward breast cancer research led by **Rebecca Riggins, PhD**.

“Becoming a mother changes the way you see everything. Health and nutrition suddenly feel like the most fundamental things in the world, and when you realize how many women globally lack access to even the most basic resources for a healthy pregnancy, it puts everything into perspective.”
